

The screenshot shows a web browser window with the URL dev.mysql.com/downloads/installer/. The page title is "MySQL Installer 8.0.44". A note states: "MySQL 8.0 is the final series with MySQL Installer. As of MySQL 8.1, use a MySQL product's MSI or Zip archive for installation. MySQL Server 8.1 and higher also bundle MySQL Configurator, a tool that helps configure MySQL Server." Below this, there are dropdown menus for "Select Version:" (set to 8.0.44) and "Select Operating System:" (set to Microsoft Windows). Two download options are listed:

Version	File Type	Size	Action
8.0.44	Windows (x86, 32-bit), MSI Installer	2.1M	Download
8.0.44	(mysql-installer-web-community-8.0.44.0.msi)		MD5: f48ab9b8c2db55ee39ddf534d4581676 Signature
8.0.44	Windows (x86, 32-bit), MSI Installer	558.3M	Download
8.0.44	(mysql-installer-community-8.0.44.0.msi)		MD5: 338dce4ac543dfc280664c857d265e3e Signature

A note at the bottom suggests using MD5 checksums and GnuPG signatures for integrity verification.

The screenshot shows a web browser window with the URL dev.mysql.com/downloads/file/?id=546163. The page title is "MySQL Community Downloads". It features a "Login Now or Sign Up for a free account." section. An Oracle Web Account provides the following advantages:

- Fast access to MySQL software downloads
- Download technical White Papers and Presentations
- Post messages in the MySQL Discussion Forums
- Report and track bugs in the MySQL bug system

Two buttons are present: "Login > using my Oracle Web account" and "Sign Up > for an Oracle Web account". A note below states: "MySQL.com is using Oracle SSO for authentication. If you already have an Oracle Web account, click the Login link. Otherwise, you can signup for a free account by clicking the Sign Up link and following the instructions."

No thanks, just start my download.
